Reference: SIP Revision for Mondelēz  
Global LLC, Inc. (formerly  
Kraft Foods)

Dear Ms. Esher:

Pursuant to the requirements of § 110 of the Clean Air Act, we are officially requesting approval of a revision to the Commonwealth of Virginia State Implementation Plan (SIP) approved on February 11, 2014 under the authority of § 10.1-1185 of the Code of Virginia and submitted in accordance with the requirements of 40 CFR Part 51 (Requirements for Preparation, Adoption, and Submittal of Implementation Plans). The plan revision is effective upon the date of approval, February 11, 2014.

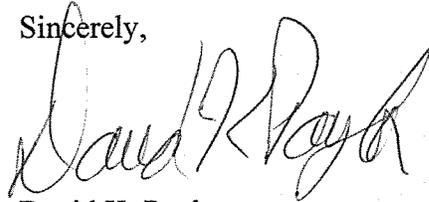

The revision consists of a federally enforceable state operating permit containing terms and conditions for the control of emissions of volatile organic compounds (VOCs) from the Mondelēz Global LLC, Inc. (formerly Kraft Foods Global, Inc.) located in Henrico County, Virginia. This submittal is for the purpose of meeting the requirements for Reasonably Available Control Technology (RACT) in order to implement the attainment and maintenance plans for the Richmond Ozone Maintenance Area. This revision is intended to replace a previous SIP revision for this facility, which was submitted to EPA on December 13, 2012; with this letter we request withdrawal of that submittal.

Enclosed are the following:

1. SIP revision, including the federally enforceable state operating permit.
2. Public participation certification and compliance with state administrative procedures.
3. Summary of public comment and responses thereto.
4. An electronic copy (CD) of the complete submittal. This electronic copy is an exact duplicate of the hard copy.

If you have any questions or need additional information, please let us know.

Sincerely,

A handwritten signature in black ink, appearing to read "David K. Paylor". The signature is written in a cursive style with a large, prominent initial "D".
